

Policy for Visor Masks in Foil and Epee

In light of the FIE decision to 'suspend and forbid' the use of the visor mask at foil and epee, the CFF will no longer permit any athlete in foil and epee to wear a visor mask at CFF hosted competitions effective the start of the 2010-2011 season. This allows a period in excess of six months for athletes to equip themselves with replacement masks. In the interim, the CFF recommends that visor masks not be worn in foil or epee by athletes.

CFF Board of Directors, 9th February, 2010
